Education

RMIT University, PhD in Computer Science **2023**

- Received the CSIRO Data 61 scholarship and scholarship top-up
- Received the RMIT 2020 Research Achievement Award

The University of Melbourne, Master of Information Technology **2017**

The University of Newcastle, Bachelor of Information Technology **2014**

Experience

RMIT University, Lecturer (Education Focused) (ACDF) **06.2025 - Present**

- Delivering lectures and participating in the course coordination and development for the first semester Bootcamp and Studio courses.

Swinburne University of Technology, Postdoctoral Research Fellow **05.2024 - 12.2024**

- Participated in an Australian Research Council-funded research on traffic incident management
- Performed traffic incident simulations using Aimsun and Eclipse SUMO
- Mined, cleaned and integrated traffic flow and traffic incidents data from Sydney and Sacramento
- Developed machine learning models for future traffic flow prediction

RMIT University, University Tutor **02.2023 - 06.2025**

- Tutored the following courses: Java Programming Bootcamp 1, Java Programming Studio 1, Python Programming Bootcamp 1, Python Programming Studio 1, Web Programming Bootcamp, Web Programming Studio, Performance Management Foundations
- Achieved a 4.02 out of 5.00 Good Teaching Score (GTS). Exceeding the school, college and RMIT mean GTS score in 2023

The University of Melbourne, University Tutor **02.2023 – 05.2024**

- Tutored the following courses: Advanced Database Systems, Geospatial Data Management, Research Project
